

FRASCA FOOD AND WINE WELCOMES  
“WINEMAKER OF THE YEAR”  
DAN PETROWSKI

*Monday, June 18th, 2018*

Where to begin with Dan Petrowski? He is one of the greatest winemakers in California, no doubt. So when the San Francisco Chronicle named him “Winemaker of the Year,” that was no surprise. Dan is an inspired person, and has a love for wine that is contagious. Petrowski has been winemaker at Larkmead for many years - making classic, noble Napa Cabernet, and has been producing delicious obscure Italian varieties under his own label Massican for a handful of vintages as well. Two entirely different projects, yet both handled with the love and attention that Petrowski seems to give everything he cares about.

Dan is a champion of Napa as a region, of young sommeliers, and of the great wines of the world. I have yet to meet someone who has met Dan that doesn't absolutely love him. He knows his stuff and has pushed the ball forward for our wine community more than any other domestic winemaker in years. We are lucky to call Dan a friend and welcome him back to Frasca for a Monday night with open arms. We will pour wines from both his Massican and Larkmead labels. This will be a treat.
